

MARINE SECURITY TRAINING

Commissionaires Kingston and Region Canada, utilizing Federal Government Security Regulations, deliver certified Marine Security Training programs that meets clients' needs by providing them with a hands-on approach to marine security.

- ◆ **MFSO - Marine Facility Security Officer—3 day course**
- ◆ **MFSO Refresher—1 day course**
- ◆ **PWSR - Persons With Security Responsibility—1 day course**
- ◆ **PWSA - Persons With Security Awareness—half day course**

Our wide range of Marine Security Training programs have been specifically developed for Marine and Port Facilities and their personnel across Canada. Our professional team of qualified trainers, former law enforcement and military personnel, have a wide range of specialized skills and deliver private, personalized training to meet the highest standards.

Commissionaires offers cost-effective and timely training programs which help you meet the objective of remaining on top of regulatory changes initiated by Transport Canada, best practices in the industry, and changing technology and security requirements. Understanding these training needs, emerging technologies, and national and international security initiatives are at the core of our training programs.

In today's fast-paced, high tech economy, training and skills upgrading are more important than ever.

Training can be arranged to take place at your location or on our premises.
